Obligation Under Bond Released
Obligation Under Bond Increased

On January 29, 2004, this office accepted the Surface Management Personal Bond in the amount of \$5000 for 3809 Notice of Operation No. UTU-70644.

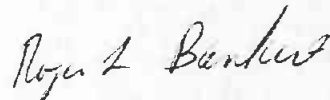

The Fillmore Field Office, Bureau of Land Management (BLM), approved the release of the \$5000 bond covering operations for UTU-70644. The State of Utah Division of Oil, Gas, and Mining (UDOGM) approved the release of the financial guarantee.

On April 12, 2012, a Personal Bond Rider extending coverage to include mineral material operations was filed with this office. The \$5,000 bond for UTU-70644 is released and the bond will be applied to the mineral material sale operation UTU-85817. The bond covers operations conducted by or on behalf of the mineral material sale operation UTU-85817. This bond is in addition to a \$7000 bond under BLM bond No. UTB000114 and increases the bond to \$12,000 for operation UTU-85817.

The pledge for the bond is a CD written by the financial institution named above. The CD will be retained in this office until all terms and conditions of the operations have been fulfilled or until a satisfactory replacement bond has been accepted. If the term of the CD expires prior to release or replacement of the bond, the obligor may request the return of the certificate only by providing a replacement certificate made payable to the Department of the Interior-BLM, and bearing interest payable to the obligor or some other party. Otherwise, the certificate will be redeemed or retained for potential redemption to guarantee fulfillment of the obligor's obligations on the above-mentioned operation.

Please be advised that release of the funds in the account to any party will be allowed only after Secretarial approval is given to the financial institution through the BLM Utah State Office. Also, any penalties for early redemption of the CD account will be paid from the obligor's interest earned and not from the principal amount of the CD.

If you have any questions, please call Opie Abeyta at (801) 539-4123.

Roger L. Bankert
Chief, Branch of Minerals
